

Installation Instructions for PayLeap Plugin for Virtuemart 1.1.9

Step 1

Copy **ps_payleap.php** and **ps_payleap.cfg.php** into:

/administrator/components/com_virtuemart/classes/payment/

Step 2

Copy **ps_checkout.php** into: (Rename existing ps_checkout.php to ps_checkout-old.php)

/administrator/components/com_virtuemart/classes/

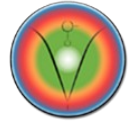

Step 3

Login to Virtuemart

Goto: Store → List Payment Methods → +Add

Make the following Changes.

The screenshot displays the Virtuemart Administration interface. On the left is a sidebar menu with options like Admin, Store, Summary, Edit Store, List Payment Methods, Add Payment Method, Shipping Module List, Credit Card List, Add/Edit Credit Card Types, Products, Shopper, Orders, Vendor, Reports, Tax, Shipping, Coupon, Manufacturer, and Help. The main content area is titled "Payment Method Form" and contains a configuration form for a new payment method. The form includes fields for "Active?" (checked), "Payment Method Name" (Credit Card Checkout), "Code" (NP), "Payment class name" (ps_payleap), and "Payment method type" (Credit Card). Below these are "Accepted Credit Card Types" with checkboxes for Visa, MasterCard, American Express, Discover Card, Diners Club, JCB, and Australian Bankcard. Further down are "Shopper Group" (default), "Discount" (0.00), "Discount Type" (Total), "Maximum discount amount" (0.00), "Minimum discount amount" (0.00), and "List Order" (0). The footer of the interface shows "Your Version VirtueMart 1.1.9 stable" and "VirtueMart 1.1.9 (Check for latest version)".

Step 4

Next Click on Configuration Tab

Enter your PayLeap API Credentials

The screenshot displays the VirtueMart Administration interface. On the left is a sidebar menu with categories: Admin, Store (selected), Products, Shopper, Orders, Vendor, Reports, Tax, Shipping, Coupon, Manufacturer, and Help. Under the 'Store' category, sub-items include Summary, Edit Store, List Payment Methods, Add Payment Method, Shipping Module List, Credit Card List, and Add Edit Credit Card Types. The main content area is titled 'Payment Method Form' and has two tabs: 'Payment Method Form' and 'Configuration' (which is active). The 'Configuration' tab shows a URL field with the path '/homepages/21/d381785674/htdocs/FactoryDirectStore/administrator/component...', a 'Test Mode (Requires Test Account)' dropdown set to 'No', and input fields for 'Username' and 'Password'. Below these is a 'Payment Extra Info' section with a help icon. At the bottom right, the version 'VirtueMart 1.1.9 (Check for latest version)' is displayed.

Step 5

Make a test Order to ensue that the credit card processing is working properly.

Once you make a test transaction, login to your PayLeap account and void the transaction.
